This is the cladding version of the traditional Dutch Size Brick (Ref. Product No: T2) Made by the traditional method which involves throwing of the clot of clay in a mold box flushed with fine sand, every clot of clay that strikes the mold does so in a slightly different way which leads to a different texture for every brick.

This is not an imitation tile which tries to imitate the brick look, this is an absolute brick in the form factor of a tile crafted to perfection by the most sophisticated technologies and the skill of human hand.

- Traditional appeal
- Random textures
- Sandy feel
- Beautiful color variations
- Easy to clean and maintain
